

Punch Driver

ü The hose makes it easy to punch holes at any position

A wide variety usage of punching for switchboards, control panels, and engineering work of electric installation, plumbing, and other installation work for steel hole-punching.

ü Being set with the light and compact hand-operated by Hydraulic Pump(CP-3) works even more efficiently

Hand-Operated Hydraulic Pump CP-3

Max. Pressure Map(kgf/cm ²)	49(500)
Oil tank Capacity(ml)	250
Hose Length(m)	0.8
Length(mm)	370
Weight(kg)	4 Including hose

Cylinder CSR-225

Max. Output N(tonf)	78(8)
Max. Stroke(mm)	25
External Diameter	72 B140

x Length(mm)

Weight(kg) 2.5

φ Capacity : soft steel sheet Max, 3.2mm
stainless sheet Max,1.6mm
