

# Leica DISTO™ A3

The indoor specialist with outdoor aspirations

Measuring made easy – with your robust and reliable partner! Robustness and easy handling are the defining characteristics of the DISTO™ A3. In addition to the well-known shortcut keys, are the minimum and maximum measurement functions, which enable horizontal and diagonal measurements e.g. in corners. The built in Power Range Technology™ permits making measurements of up to 80 m without target plates. This makes the robust one outdoor capable. To keep you from forgetting your measured values, there is also a memory function.

## Power Range Technology™

Measure distances up to 80 m even without a target plate and without moving a step

## Simple to operate

Due to the shortcut keys addition and subtraction, as well as surface and volume calculations could not be easier.

## Integrated spirit-level function

Horizontal alignment made easy, such as for plug sockets.

Features	Your advantages
Measuring range of 0.05 m/0.16 ft up to 100 m/325 ft; typ. accuracy ± 1.5 mm/ ± 0.06 in	Fast and accurate measurement of distances
Power Range Technology™	Measure long distances, up to 80 m without the need for a target plate
Continuous measurement	Measuring of minimum and maximum distances, e.g. for measuring a room diagonal
4-line display	Read several measured values with a single glance
Illuminated display	Measurement readings are visible even in the dark
Integrated spirit-level function	Horizontal alignment
Targeting assistance	For lining up targets over longer distances and in open spaces
IP54	Spray water and dust proof – essential for construction sites
